ACCA

ACADEMIC PROGRAM INFO

ACCA's Curriculum Model

ACCA follows the A.S.S.U.R.E. curriculum model which is based on learner-centered instructional practices. A.S.S.U.R.E. is guided by measurable goals and focuses on active learning, requiring students to engage in the lessons. Instructional materials are also at the heart of the A.S.S.U.R.E model. Visual aids, technology, manipulatives, project-based learning, and the use of high interest, modified textbooks like the AGI series are among the many instructional materials incorporated into lessons. ACCA's teacher-created lesson plans are tailored to meet students' learning styles, modalities, ability levels, and interests.

Credit Flex/Credit Recovery

ACCA offers different credit flex options that enable students to engage in a wide variety of learning options. These options are online courses, independent studies, testouts, credentialing, and school approved work-based learning. This program especially benefits those students who are in need of credit recovery.

We Appreciate Your Suggestions!
Before leaving please complete the virtual survey at one of the "stakeholder input stations" and give us your feedback about our educational programs and options.

For information about Enrollment:
Contact Paula Berry, 419-903-0295

Ashland County Community Academy
ACCA is a 7th-12th grade community school with a Drop Out Recovery Prevention designation, that focuses primarily on the individual academic needs of students while providing them with a well-rounded, standards-based education

Student Success Plans

Each student will begin their own academic journey by collaborating with ACCA staff to create their own individualized plan of success. Student Success Plans enable students to successfully complete their graduation pathway while engaging in career and college readiness. Each student will have the opportunity to review their plans each semester with the Student Success Facilitator, Mrs. Franklin.

Educational Programs

Drop Out Recovery Prevention
(**must be 16yrs-21 yrs and identified as "a grade level behind or experienced trauma that has interrupted educational experience")**
-Student Success Plans/Learning Plans

(any student grades 7-12, younger than 16 yrs, and/or is not a grade level behind and/or has not experienced trauma that has caused interruption to educational experience)
-Student Success Plans/Learning Plans
-Credit Flex
-Standards-based courses that meet state graduation requirements
-Ohio Means Jobs Readiness Seal and Local Seal obtainment
-Career and college readiness
-Access to support services

Literacy Program

ACCA has implemented a literacy program in order to remediate students who were impacted by the inconsistent 2020-2021 school year, as well as improve reading comprehension skills and promote interest in reading among the student population

Literacy Coach: Ms. Kelsey Wade

Credentialing

Students who are designated DORP, will engage in career credentialing during their school day as a part of their individual learning plans and student success plans. Examples of credentialing programs offered at ACCA are Microsoft Office and Quickbooks, ServeSafe, and RISE Up. More may be added as the year progresses, based on student interest and need. Students will also be working on the Ohio Means Jobs Readiness Seal while in the credentialing lab.

Credential Specialist: Mrs. Amy Nalley

Local Graduation Seals

The ACCA Governing Board approved the use of local graduation seals for individual students' graduation pathways in 2021. Students can meet their graduation requirements by earning a local seal and a state seal. ACCA would like to have students earn the Ohio Means Jobs Readiness Seal as their state seal requirement and one of the following seals below:

ACCA Local Seals

Community Engagement Seal

Fine/Musical/Performing Arts Seal

Student Leadership Seal
