

College Credit Plus

The Governing Authority understands that its students may benefit by participating in college-level courses offered by accredited colleges and universities in Ohio. Accordingly, Eligible Students may participate in the College Credit Plus Program (the “Program”), which permits students to receive school credit for completing college-level classes.

Program

Eligible Students that participate in the Program may enroll in one of two options.

- *Option A.* Eligible Students enroll in college courses and seek only college credit for the course(s) taken. The student pays for all tuition and costs of all textbooks, materials, and fees associated with the course. Under this option, a student is not considered enrolled in the school.
- *Option B.* Eligible Students enroll in college courses and seek college credit *and* high school credit. If the student successfully completes the course, the college and school shall award high school credit and the student will not pay any tuition or any fees. The student will not be charged any other fees. If the student does not complete the course, the student may be responsible for tuition and costs of all textbooks, materials, and fees. Under this option the student is considered enrolled.

Participation Requirements

Students in grades 7-12 are eligible to participate provided the student meets all criteria required by law.

Beginning in the Academic Year 2018-2019, students must meet the following eligibility requirements:

1. Students must be remediation-free in accordance to one of the assessments in the Uniform Statewide Standards for Remediation-Free Status document.
2. If a student scores within one standard error of measurement (SEM) below the remediation-free threshold and the student has a 3.0 GPA, the student is eligible to participate.
3. If a student scores within one SEM below the remediation-free threshold and the student receives a recommendation from a school counselor, principal or career-technical program advisor, the student is eligible to participate.

To participate, the following must occur:

- Prior to April 1 of each year, the student or the student's parent shall inform the School of intent to participate in the Program for the following year. If notice is not given by this date, the Head Administrator's written consent is required. If the principal does not provide written consent, the student may appeal to the District Superintendent or Governing Authority. Within 30 days of notice, the appropriate entity shall hear the appeal and decide to either grant or deny that student's participation.
- The student must apply to an eligible college or university and meet that institution's standards for admission and course placement.
- The student and the student's parent shall sign a form stating they have received counseling and understand the responsibilities they must assume in the program.

The amount of credit a student may receive toward high school graduation is proportionate to the number of years a student has remaining.

- 7th-9th Grade students may not receive credit toward high school graduation for more than the equivalent of four years.
- 10th grade students may not receive credit toward high school graduation for more than the equivalent of three years.
- 11th grade students may not receive credit toward high school graduation for more than the equivalent of two years.
- 12 grade students may not receive credit toward high school graduation for more than the equivalent of one year.

Effect of Expulsion

If a student is expelled from the School, the Head Administrator shall send a written notice to any college in which the student is enrolled at the time the expulsion is imposed. The Notice shall indicate (1) the date the expulsion expires, (2) whether the school has adopted a policy pursuant to R.C. 3313.613 to deny high school credit for courses taken under College Credit Plus during an expulsion. The School shall notify the college of any expulsion extensions.

If a college withdraws acceptance of an expelled student, the School shall not award high school credit for the college courses the student was enrolled. The School may require the student to return or pay for any textbooks and materials provided free of charge.

Awarding Credit

In order to receive high school credit, the student must enroll in Option B prior to beginning the course. The student will receive high school credit upon the successfully completing the course. Students who fail or do not complete the course will not be awarded high school credit.

The amount of credit received shall be determined by the School. If the School offers a comparable course, the School shall award comparable credit. If the School does not offer a comparable course, the School shall grant an appropriate number of credits in a similar subject area. Disputes regarding the number of credits received may be appealed to the Ohio Department of Education. The Department of Education's decision is final.

All classes taken for credit will be transferred to the student's permanent record. Included in the record shall be the course completed and the name of the college/university where the courses were earned. The grade earned may be averaged in the student's high school grade point average.

Information Regarding and Promotion of the Program

Pursuant to Ohio law, the School shall provide information about the Program to students and their parents/guardians in grades six (6) through eleven (11) by February 1st of each year.

The School shall promote the program on its website. The School shall also schedule at least one informational session per school year with partnering colleges located within thirty miles of the School.

Underperforming Students

If a student enrolled in Program courses is classified as an "underperforming student", the School shall place the student on academic probation. An underperforming student is a student who meets at least one of the following conditions:

- (a) Has a cumulative grade point average of lower than 2.0 in the college courses taken through the Program;
- (b) Withdraws from, or receives no credit for, two or more courses in the same term.

In the event that a student is classified as underperforming, the School shall promptly notify the student, the student's parents, and each institution of higher education in which the student is enrolled of the student's status and shall notify the student and the student's parents as to the requirements to continue with the Program.

When a student is on probation, the student shall enroll in no more than one college course in a term, and shall not enroll in a college course in the same subject as a college

course in which the student earned a grade of "D" or "F" or for which the student received no credit. If the student had already enrolled in more than one course or an improper course for the next term before being placed on probation, then the student shall request that the college dis-enroll the student for any courses beyond the one allowed. In the event that a student fails to dis-enroll, the School shall notify the student and the student's parents that the student shall be responsible for all tuition, fees, and textbook costs for those courses, and that the student shall be declared ineligible and dismissed from the Program for the next term.

If a student takes a college course after being placed on probation and the course grade raises the student's cumulative grade point average in the student's college courses to a 2.0 or higher, the student shall be removed from probation and may participate in the Program without restrictions. If the student meets the requirements again at a later point, they will be placed back on probation.

If a student meets the definition of an underperforming student for two consecutive terms of enrollment, that student shall be classified as an "ineligible student", and the School shall dismiss the student from the Program. The School shall promptly notify the student, the student's parents, and each institution of higher education in which the student is enrolled of the student's dismissal.

A student who has been dismissed from the Program shall not take any college courses through the Program. If the student had registered for any college courses for the next term prior to being dismissed, the student shall request each applicable institution of higher education to dis-enroll the student from those courses. In the event the student fails to dis-enroll from courses, the School shall promptly notify the student and the student's parents that the student shall be responsible for paying all tuition, fees, and textbook costs for courses from which the student was required to dis-enroll and that the student's dismissal from the program shall continue for an additional term.

After one term of dismissal, a student may request the School to allow the student to participate in the Program. The School shall review the student's full high school and college academic record to determine the student's academic progress. In order to be considered for reinstatement in the Program under probation terms, the student must show at least a 2.0 cumulative grade point average, including both college courses and high school courses. In order to be reinstated in the Program without restrictions, the student must show at least a 2.5 cumulative grade point average, including both college courses and high school courses. Failure to make sufficient academic progress as outlined above shall result in an extension of the dismissal.

Upon receiving a request for reinstatement, the School shall issue a decision to continue the student's dismissal, place the student on probation, or allow the student to participate in the Program without restrictions. Summer shall count as a term of dismissal from the Program only if the student is enrolled in one or more high school courses during the summer.

The student may appeal a decision of the School to the Governing Authority as set forth in Ohio Administrative Code 3333-1-65.13. The student shall request an appeal within five business days after being notified of the dismissal or probation that prohibits the student from taking a course in a subject. The School shall promptly notify any institution of higher education in which the student is enrolled that the student has requested an appeal. The Governing Authority of the School shall issue a decision on the student's appeal within ten business days after the date the appeal is made. The decision shall be final. The School shall promptly notify any institution of higher education in which the student is enrolled of the decision.

Reimbursement Where Student Fails Course

If the Head Administrator determines that a student participant has not attained a passing final grade, the School may seek reimbursement for state funds paid to the college. Unless the student was expelled the School shall not seek reimbursement if the student is identified as economically disadvantage. The School may withhold grades and credits received until the participant provides reimbursement.
